

LWS/SET Guidelines for
Technology Provider Presentations

Technology Title

Name

Organization

Technology Description

- Type of Technology
- Title of Experiment
- Background

Testing Requirements

- Describe Why a Ground Test is Not Adequate
- Describe Potential of Experiment Contribution to Improving Ground Test Protocols

Flight Validation Concept

- Flight Objectives
- Flight Requirements
 - Orbit:
 - Altitude:
 - Inclination:
 - Power:
 - Weight (kg):
 - Size (cm):
 - Telemetry:
 - Environment Measurement:

Technology Maturity

- Technology Maturity in the 2003 to 2010 Timeframe
- Timeframe Technology is Needed

Benefits

- Benefiting Missions
- LWS Application Areas

Partnership Opportunities

- Characterize potential approaches/opportunities for partnering/cost sharing
 - Describe areas for resource leveraging
 - Describe partnering opportunities for access-to-space
